

Rajesh Nair Kongassery

Engineering Qualification	B. Tech (Elect), MBA, PMP, ATS
Dominant Skills	Project management , DC & DR
Responsibilities	Leading DC Business Unit
Technical skill	DC solution, Implementation & Operation
International Experience	On site supervision for Tier IV data Center, Sultanate of Oman. On partner roles with HP CFS – EMEA region
Indian experience	Solution Architect data center - IBM Senior Project manager – Wipro Infotech Deputy Director IT – KSEBL Various positions in Sterlite Industries, Suzlon Developers, Lakshmi Cements

24 years of cross-functional, multi-task experience in Infra industry in all phases of Data center life cycle

Uptime certified Accredited Tier Specialist

PMI certified Project Manager of good standing

Partha Mukharjee

Engineering Qualification	
Dominant Skills	Lead turnkey projects including smart cities
Responsibilities	Leads Smart city projects
Technical skill	Design & implementation of MEP of high-end multi storied commercial buildings, hotels
International Experience	Multiple locations for multiple periods as below
Indian experience	Design Engineer., English Electric CEO -APJ Projects & APJ Electronics Principal and Regional Director–Cannon Design Working with KPMG for NDMC Smart City project

35 years experience in Engineering projects, Leadership positions in prestigious consultancy firms in India.

Lead MEP projects in Singapore, Malaysia, Indonesia, Dubai, Abu Dhabi, New Zealand, Netherland, Germany, Austria, Myanmar, Vietnam, Bangladesh, Nepal, Bhutan, Sri Lanka, Maldives.

Amjad Sadiq Bobre

Engineering Qualification	Civil Engineering with 17 years of experience
Dominant Skills	Project management, Service co-ordination , Team leader
Responsibilities	Work Supervision , Design review, Site Co-ordination, Billing for structural & interior work of multistory commercial buildings
Technical skill	Quantity surveyor, Quality
International Experience	AI - FUTTAIM CARILLION, UAE (Dubai) Arenco Engineering Consultants, UAE (Dubai)
Indian experience	Abcon consultants, Mumbai Epicon consultants pvt ltd, Mumbai Diwali Construction, Mumbai.

17 years of cross-functional, multi-task experience in construction industry.

Abdul Basith

Engineering Qualification	Bachelor of Engineering (Civil)
Dominant Skills	Project Governance
Responsibilities	Site resource, cost and time management.
Technical skill	Construction Management, Contract management, Green Building, Project Planning, Civil Engineering, Project Coordination, Cost and Time Control
International Experience	<ul style="list-style-type: none">• Dolphin Trading and Investments LLC Muscat,• Al Adrak Trading and Contracting L.L.C, Muscat, OMAN.• International Company for Projects and Construction L.L.C, OMAN.• Arenco Architect & Engineering Consultants, Dubai.• ETA-ASCON, Dubai.• Prompt Contracting L.L.C, Dubai, UAE
Indian experience	<ul style="list-style-type: none">• Penorama Overseas (P) Ltd., K.M.B Group of Companies, India• East Coast Construction and Industries Ltd., India

Construction and Project Management Professional with 20+ years' experience in the areas of Project Direction & Project Management

First Tier4 Type Data Centre,

Murugavel

Engineering Qualification	Bachelor of Engineering
Dominant Skills	Solution design Multiple technologies
Responsibilities	Network Designer
Technical skill	Presales, Sales, Post-sales support and operations of passive part of Data center solutions
International Experience	<ul style="list-style-type: none">• 20 years of experience in Muscat in design & implementation of in data center & building networks• Renowned expert in the industry
Indian experience	<ul style="list-style-type: none">• 20 years of experience in India in implementation of electronics system

Kannan Nagarajan

Engineering Qualification	Graduation
Dominant Skills	Solution design Multiple technologies
Responsibilities	Designer Data center
Technical skill	Presales, Sales, Post-sales support and operations of Active part of Data center solutions
Accreditations	HP Master Accredited Solutions Expert (MASE) VMware-Technical Sales Specialist Citrix-Sales Professional Veeam Sales Professional (VMSP) Veeam Technical Sales Professional(VMTSP) Oracle Presale Specialist Riverbed Technical Sales Specialist
Specialties	Architecting IT Infrastructure Solutions Consolidation & optimization Storage ,Backup and BCP Solutions Virtualization Solutions

HP Accreditations of Kannan Nagarajan

HP Presales Community Certificates

- ESS Software Solutions
- IT consolidation and Business Continuity & availability
- SAP- A1 Connect
- Comp Kill workshop
- Business Information Optimization
- Business Technology Optimization

SUN Certified Sales Professional

- Selling Sun in the Data Centre
- Sun ONE Products and Solutions Training
- Sun GSO Project and Solution Workshop
- Data Centre Products Training

HP Education Services Certificates

- Virtualization Solution
- Integrity Server Solutions
- ProLiant Solutions for the Enterprise
- Enterprise solutions
- Enterprise Storage solutions
- 3PAR Storage solutions
- Workstation Specialist
- Professional Displays
- HP P4000 SAN Solutions
- High Availability Solutions
- HP 3PAR Boot Camp
- Datacenter and Cloud Designing
- Data Center Architecture Workshop

HP Accreditations of Kannan Nagarajan

- **HP Accredited Presales Consultant**

- Enterprise Storage Solutions
- Integrity Servers
- ProLiant Server Solutions
- StorageWorks Solutions
- ProLiant Server Solutions
- Virtualization Solutions
- Integrity Servers
- StorageWorks Solutions Architect

- **HP Accredited Presales Professional**

- Enterprise Solutions

- **HP Accredited Sales Professional**

- Enterprise Solutions
- Service Sales
- Enterprise Solutions
- Networking

HP Accreditations of Kannan Nagarajan

HP Accredited Sales Consultant

- BladeSystem
- Service Sales
- Enterprise Storage Solutions
- Virtualization Solutions
- Storage Solutions
- Converged Infrastructure
- HP Sales Certified - SMB Storage
- HP Sales Certified Networking
- HP Advanced Sales Certified - Enterprise Storage
- HP Advanced Sales Certified - Cloud and Converged Infrastructure
- HP Sales Certified – Converged Infrastructure Solutions
- HPE Sales Certified – Enterprise Solutions

HP Accredited Technical Consultant

- Technical Certified I - SMB Storage Solutions
- Technical Certified I - Workstations
- HP Accredited Technical Professional

- Accredited Technical Professional - Storage Solutions
- Accredited Technical Professional – Data Protector v9
- HP Accredited Solution Expert

- Master ASE – Storage Solutions Architect V1
- HP ASE - Storage Solutions Architect V1

Accreditations of Kannan Nagarajan

Riverbed Certified Professional

- Sales Specialist - EVS Infrastructure
- Technical Sales Associate Wan Optimisation
- Technical Sales Specialist Wan Optimisation
- Technical Sales Associate EVS Infrastructure
- Technical Sales Specialist EVS Infrastructure

Oracle Certified PreSales Specialist

- Sun Storage 6000 Arrays Presales Specialist
- Sun SPARC Enterprise T-Series Servers PreSales Specialist
- Sun SPARC Enterprise Entry-Level/Midrange/ High-End M-Series Servers PreSales Specialist
- Sun Flash Storage Presales Specialist
- Sun Storage 7000 Unified System Storage Sales Specialist
- Oracle Solaris 11 PreSales Specialist Assessment
- Oracle Linux PreSales Specialist Assessment
- Oracle Solaris Cluster PreSales Specialist
- Oracle StorageTek Tape Libraries PreSales Specialist
- Sun x86 Servers PreSales Specialist

Veeam Sales Professional

- Veeam Sales Professional (EMS)
- Veeam Sales Professional

- **Veeam Technical Sales Professional**
- Veeam Technical Sales Professional (EMS)
- Veeam Technical Sales Professional
- **VMware Certified Consultant**
- Virtualization Technical Post-Sales
- VMware Technical Sales Professional
- **Citrix Certified Professional**
- Citrix certified sales professional

Oracle Certified Sales Specialist

- Sun Storage 6000 Arrays Sales Specialist
- Sun SPARC Enterprise T-Series Servers Sales Specialist
- Sun SPARC Enterprise Entry-Level/Midrange/High-End M-Series ServersSales Specialist
- Sun Flash Storage Presales Specialist
- Sun Storage 7000 Unified System Storage Sales Specialist
- Oracle Solaris 11 Sales Specialist Assessment
- Oracle Linux Sales Specialist Assessment
- Oracle Solaris Cluster Sales Specialist
- Oracle StorageTek Tape Libraries Sales Specialist
- Sun x86 Servers Sales Specialist Assessment

Rajesh Surendran

Engineering Qualification	B Tech Electrical
Dominant Skills	Design & project Implementation of Electrical systems
Responsibilities	Design of standby power & change over schemes for all utilities
Technical skill	Application design & commissioning of Diesel generators sets with OEMa
International Experience	<ul style="list-style-type: none">• 10years experience in in design, testing commissioning of Electrical systems In residential, commercial & critical facilities
Indian experience	<ul style="list-style-type: none">• 12 Years experience in in design, testing commissioning of Electrical systems In residential, commercial & critical facilities

Pankaj Roy Wadhwa

Engineering Qualification	Graduation in Architecture
Dominant Skills	Lead Architect critical facilities
Responsibilities	Design coordination and Architectural Design for Seismic resistant , Uptime compatible green buildings
Technical skill	Architectural design, structural design, layouts, HVAC, water services and interior design
International Experience	
Indian experience	<ul style="list-style-type: none">• 28 years of consulting experience in Design and implementation of critical facilities, human settlements, associated engineering fields
Specialisation	Seismic design for MEP services Uptime accredited peer design for data centers Design of Green buildings

S K Rai

Engineering Qualification	Electrical engineering Graduate
Dominant Skills	Design of LV,ELV systems, Power distribution systems
Responsibilities	Electrical detailing and estimations, quality inspection
Technical skill	Design ,installation, commission and supervision of electrical system in Data centers, master switching stations for airports, hospitals and public buildings
International Experience	
Indian experience	<ul style="list-style-type: none">• 20 years in Electrical systems, design and quality control

S C Singhal

Engineering Qualification	Electrical engineering Graduate
Dominant Skills	Design of LV,ELV systems, Power distribution systems
Responsibilities	Electrical detailing and estimations, quality inspection
Technical skill	Design ,installation, commission and supervision of electrical system in Data centers, master switching stations for airports, hospitals and public buildings, Power evacuation , metering and protection system for electrical systems upto 220KV.
International Experience	
Indian experience	<ul style="list-style-type: none">• 35 years in Electrical systems, design and quality control

Narender Kumar Chowhan

Engineering Qualification	Bachleor in Civil Engineering
Dominant Skills	Structural design, STADPRO, ETAB , SAP, Revit
Responsibilities	Seismic resistant structural design.
Technical skill	Structural Design for commercial, residential and industrial power plants, innovative cost effective designs as per BS, Euro and other country codes
International Experience	
Indian experience	28 years

Mohammed Mujeeb

Engineering Qualification	Engineering in Mechanical
Dominant Skills	
Responsibilities	HVAC design and heat rejection system for data centers and MNC
Technical skill	HVAC design , Thermal modelling based building evaluation
International Experience	<ul style="list-style-type: none">• Dushanbe Serena hotel at Thajakisthan ,• Indian embassy at Tashkand• Al wakra heritage home at Doha• Hilton Chad at South Africa
Indian experience	<ul style="list-style-type: none">• 16 years in Project planning, design and execution of building services

Sunnil Jha

Engineering Qualification	Engineering in Mechanical
Dominant Skills	Member of ASHRAE and ISHRAE
Responsibilities	Design of Integrated building management systems including Fire, Security services.
Technical skill	Design of Fire and security services for data centers, Airports, IT parks and commercial buildings
International Experience	
Indian experience	<ul style="list-style-type: none">• 29 years of experience in design, installation and project supervision of MEP services
